

Employee at CERN Vanishes into Thin Air Leaving Clothes, Jewelry, Every Possession Lumped in a Chair After Cern Peak Test

They turned the power up higher than ever. The core temp of the reactor stayed the same but the heat in the room started advancing rapidly. First they were surrounded in blinding light then by utter darkness. They heard screaming as if someone was being beaten severely... then lights turned back on and they found the lady at the head of the project gone, vanished with clothes behind, as they show in rapture movies although this sounded like they opened up a portal to Hell instead.
