

# Reading Plan & Schedule to Read the NEW Testament 12 Times a Year

Read a Book of the New Testament a Day on Average and Check 1st, 2nd and 3rd Boxes as You Complete

**Purpose of this plan:** In short: to know the Word so we can do the Word and bear fruit for the Lord and His Kingdom.

“But he who received seed on the good ground is he who hears the word and understands *it*, who indeed bears fruit and produces: some a **hundredfold**, some sixty, some thirty.” Matthew 13:23 NKJV

The secret is in this passage. You want to be the 4<sup>th</sup> seed that bears fruit. It's just too scary to be the other 3.

“Verily, verily, I say unto you, He that **believeth on** me hath everlasting life.” John 6:47 Salvation explained in a verse.

If you believe on Jesus you rely on Him. If you believe on Jesus you depend on Him, you depend on Him for all things, instruction, what to do, what to not do, how to be, how to be successful, how to make Him feel loved, how to bear fruit for the Kingdom, how to treat, react, respond to others... If you believe on Jesus you believe Him when He says something. When you believe on Jesus you take Him seriously when He speaks. When you believe on Jesus and He tells you to do something you do it! And you put what He says into practice! So therefore when you believe on Jesus, you follow Him, you follow His commands. And therefore further, if you follow His commands, His instructions you make Him your Lord and Master. Now you do well in Christ!

In regards to why do this 12 Times a Year New Testament Plan: Since the New Testament directly applies to us we need to know the New Testament very well. We need to know every verse, the type of knowing as when you know a person well. We need to understand every verse.

We need to understand every verse so we can assimilate each verse into ourselves. We need to understand each verse that is a command so we can do what Jesus commands, because He is our Lord and Master.

The concept of his Bible reading plan came about as I was doing the [Do The Word](#) Commands of Jesus in the New Testament Overview – whereas I realize

that in order for me to do commands of Jesus, put them into practice as commanded, warned and make the commands of Christ my habits.

For when you and I do this guess what? We take in, assimilate Jesus, Jesus is the Word of God (...”His name is called The **Word of God**” - Rev 19:13 2<sup>nd</sup> half), we eat his flesh and drink his blood (spiritual sense), we abide in Jesus and He in us, He frees us from sin! How is that? What I have noticed is that when I install a command of Christ and do it once, do it again and then make it a habit, the command cancels out my prior sin habit belief that enabled me to think it was okay to do the sin that opposes the command of Christ, that opposed the Law as well.

When you install the commands of Jesus and put them into practice, make them habit, you are becoming more righteous and holy. Your sin habits separate you and your relationship with Christ. When you sin you offend the Lord. When you don't know the word and don't pursue "His righteousness", obeying Jesus commands, you can simply drift further and further away from the Lord as you become more influenced by the world. And because you're continually sinning, some sins in which you believe so hard that they are okay because of the world around you and that "everyone is doing it" including people and your church, your relationship with Jesus is not very close and you don't hear his voice very well. When you are in a state of continual sin you're not building your relationship with Jesus; you're not following Jesus; you're not making Jesus Your Lord: - that's a very dangerous state to be in.

Unfortunately, very unfortunately, because most do not know the Word, the Bible they stray far from Christ, even if they go to church all the time and do a lot of deeds. Remember your deeds don't count for anything if they're not done with and through Jesus. Those deeds will be burned up in the fire. As of this typing I have been born-again for 19 years. I have had a variety of experiences in my journey as a Christian. I've had some good experiences, actually some great experiences, and I've had bad experiences in times where I've messed up, sinned, was stuck in a variety of sin habits, a couple I kind of knew about, and some others that I could not recognize so well. Why is that? Because I was brought up in the world and had sin beliefs, habits, that were well grooved into my heart and mind. These were put there through dark forces, principalities, rulers of the air... – directly to me or indirectly from worldly friends, family, media, school, society in general... So I got to the point where I got upset, as I eventually and embarrassingly discovered (rather woke up and admitted) that I was actually sinning habitually! That was a disturbing day! "I wasn't supposed to be able to sin" I thought! "How did this happen?"

This happened because I did not have a clue what it meant to make Jesus my Lord. Yes after many years of going to a variety of churches, reading Christian books, going to Bible studies, listening to Christian radio I still had no clue. Why is that? Well maybe I wasn't ready or in general movement of watering

down the word of God that is massively prevailing could've had something to do with it. In other cases in other cases denominational interpretations, or rather lack there of, of the Bible hampered understanding as well. Yes, on that note be warned! Do not trust, lean on, rely on your denomination and pastor as your lord! It would seem that many do this and the various denominations encourage this following. For denominations this is the same trap the Pharisees seem to have fallen into, as mentioned in the New Testament. It's time to correct all this and for you to make Jesus your Lord, your Ruler of Life, the One upon Whom you rely for everything, all the time, moment by moment even. And if Jesus isn't your Lord then, well, that's very bad. So it's time to get this fix and make sure to get on the Right Track.

Well when it's time for you to get serious about eternal life to the point where you pursue God directly through His Word, and take His Word, seriously you will throw off things of this world, including your religions and denominational doctrines. Yes! You will throw out, let go of everything that comes from the word of man, and pursue, go directly to God and make sure you're doing things right with Him. If your life isn't lining up exactly with the New Testament consider yourself in trouble. I don't like trouble and I bet you don't either.

### **Summary of Actions:**

- Read a Book a Day.
- Break big books up during the day or spread over two days.
- If you get behind use short books to catch up.
- Keep reading through.
- Mark points passages that stand out to you.
- At the end of your reading session go back and glance at questions and comments you wrote down and the verses you underline your circled, marked up.
- Observe your knowledge and understanding of the Word increase dramatically.
- Observe how your life begins to change.
- Notice how you are becoming more powerful in the Lord.

There are 27 books in the New Testament of the Bible. So you'll need to average a book a day. Now it's better to have the spacing of reading a book of the Bible on average daily. You can of course spend a weekend and read several books, many books at once.

But it is more effective, in conjunction with my Bible Reading System, to go at a pace where you have a "read then rest" cycle. Then you can process the

verses that have been implanted into your subconscious better before the next reading session. This increases your understanding dramatically overtime. Your subconscious works indirectly with the Lord. Plus it is prudent to ask Jesus directly, for He is your Teacher, what a certain passage means and how to do it, as well.

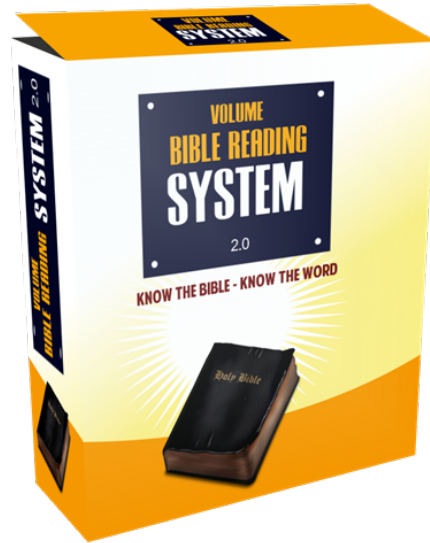

As you'll learn below, the POWER in the plan is to keep reading through while marking passages that stand out to you, looking to imprint them into the subconscious.

Keep moving forward. The process is indeed powerful and will enact your subconscious to help you understand these passages by connecting different parts of the Bible and through revelation by the Holy Spirit of God.

Keep in mind that as you mark up, underline, circle, ask questions or take notes on verses that stand out to you, you thereby imprint these verses, questions into your subconscious for processing overtime.

The subconscious finds the answer to your question or wonder later on in time. It does so as you find the answer in other passages of the Bible or through your other experiences that the Lord uses to teach you.

**Get the Complete Bible Reading System:**

## **The Math: Read A Book of the Bible a Day on Average**

- The math: 27 Books of the New Testament.  $27 \text{ Books} \times \text{Read } 12 \text{ Times} = 324 \text{ Days of Reading}$
- Is this a challenge? It will be for most. But it's a GREAT challenge. Understand this: you need to pursue the Lord. It seems maybe that many these days think they don't need to pursue the Lord or put effort towards Him. So they have this one sided "relationship" which is not a relationship at all. Try doing that with a spouse! That's not going to fly. And neither will doing so with the Lord.

Also understand, that you are the bride of Christ. If you had someone you were going to marry, would you still want to marry them if they stopped paying attention or even barely acknowledge your existence? Would you still want to marry them if they had no: passion for you, desire to know you, desire to be with you, desire to hang out with you, spending time with you, find out what you like or dislike, or desire to make you happy? You'd certainly think twice or worse.

If you have not been pursuing the Lord, hard, putting effort fourth towards getting to know the Lord, please Him, do His will and build His Kingdom, consider the possibility that you may have been confused or deceived by strange doctrine overly worried about "works salvation" which tends to be taken out of context. So it's time to get to it and get things done in the Lord and for the Lord.

- Come on, knowing the Word of God is one of the Most important things you can do. Plus how can you do the Word, do the commands of Jesus if you don't know and understand them? And if we are not doing the commands of Jesus (no matter what soft preaching you may have heard) we are in trouble.
- You can break up your reading over the day. For some of you this may work better. Of course it's nice to have uninterrupted fellowship time the Lord reading the book all the way through. But those who have many distractions (such as younger children) may need to break up reading throughout the day. And do not worry about reading perfectly— there is no such thing. The Lord will light up a passage to you when it is time to be lit up.
- Do not try to master the Bible while reading! That's not how things work. The Lord reveals understanding in layers over time as you continue to pursue Him.
- I would say it took me 45 minutes on average a day of reading, all put together, for this book a day plan. This is a guestimate since I have yet to formally time myself. This is because it is not a race to finish the reading, since that would go against the purpose of this plan of spending time with the Lord and getting to know the Word while evoking my conscious mind, my flesh more, I probably won't pull out a stopwatch to time my reading.
- Enjoy reading the Bible. Enjoy as a VERB. Enjoy the Lord. Enjoy spending time with the Lord and you'll open up beautifully to hear the Lord communicating with you. If you take the approach to enjoy reading the Bible it will not seem like "work" and reading the Bible will become something you look forward to, if not crave! (And that's a very good thing if you crave the Word of God who is Christ Jesus).

## Goals for this reading plan:

- Learn the Bible at an accelerated rate.
- Get to KNOW the Bible, Know the Word of God (and Who is the Word of God?)
- Employ your subconscious to work with the Holy Spirit that your Teacher (Jesus your one and only Teacher) may teach you.
- Avoid getting bogged down, trying to figure out the Bible in your flesh verse by verse which is an error that has caused many religions and denominations to go astray.
- Discover the commands of the New Testament that you need to obey.
- Understand how things are in the universe, the meaning of life and salvation, through the Bible.
- Develop a deeper and deeper relationship with the Lord and a deeper and deeper understanding of how things are how they are.
- Know the Word well so you can differentiate a counterfeit. Counterfeits have become very clever these days and deceived many unfortunately. We go astray as we distance ourselves from the Word of God, intentionally or unintentionally, as the Bible warns us. Consequences are dire for going astray. So now you will be able to avoid doing so better and help others avoid doing so.

## How to Read the New Testament 12 in a Year:

1. Understand that volume reading of the Bible in harmony and openness to God is critical to opening up your knowledge, your understanding, your perspective of the Bible. You will also understand better: how life works, your salvation, your understanding of God personally, His Character, what He likes, dislikes and wants while helping keep you from trouble (separation from the Lord). (You'll eventually learn that trouble equates to being away from the Lord).

Openness = trust so enjoy reading the Bible. Open up. Relax. Dissolve your fears. Enjoy the Lord. Enjoy as a verb and enjoy as a state of being (reflect on both concepts and what they mean to you). You'll have a great experience with the Lord when you do so and as He reveals answers, understanding to you.

2. Discover how to use the power of your subconscious to help you assimilate the Bible better, dramatically better. The use of the subconscious mind is at the core of this Bible reading method. Make sure you obtain a copy of our [Bible Reading System](#) you understand the details of how this reading plan works and specifically how to read the Bible according to this special reading method.

In short what we are looking to do is to read and keep reading while imprinting our questions, verses that stand out to us, versus that we feel like we need to know better into our subconscious minds.

- We free our conscious minds by storing these questions, verses that stand out, verses that we don't understand into our subconscious. Our conscious mind can only focus so long and has very limited processing power. Plus trying to figure out Bible verses in our conscious mind, with our conscious will power equates to trying to figure out the Bible through our flesh and that's just not going to work well (plus trying to figure out a Bible verse on your own in your flesh without the Lord can get you coming up with strange ideas that may take you away from the Lord or even start a new "denomination"...)
- We're not looking to file verses and questions that we don't understand into the "permanent storage" section of our brain either, since we haven't obtained understanding of them yet.

We are looking to place the verses we don't understand into the subconscious mind for processing purposes.

- The subconscious mind holds questions, things we want to figure out and resolve in a ½ storage ½ live state, as I would describe. It's kind of like the conscious mind but in low power mode or energy efficient mode that turns on live every now and then. The subconscious mind can also hold goals that we want to accomplish for automatic processing.
- Your subconscious mind can automatically work for you in the background looking out for answers. It will inspire you to take certain actions in order to find the answers and resolve the open problem or question that needs to be solved.
- When you have a Bible verse that you need to figure out, understand just imprint that verse into your subconscious.

Your subconscious keeps this as an open scenario, an "open support ticket" in front of you. It gets you to keep that verse on your mind as you're reading other parts of the Bible.

And since answers to one verse are most often found in another verse hidden throughout the Bible, you can often find answers for your questions by reading the ENTIRE Bible over and over as the Lord reveals.

- Remember that we simply read and keep moving forward. The only time we stop is that if we have a question. If we do we then write it down in our Bible. If a verse stands out to us we can underline it, circle it, put an open circle by it or an open square. We do not stop to try and figure out a verse with our conscious minds. This is key. We are only looking to imprint verses into our subconscious minds that the Lord lights up to us and or that we have questions about.
- The Lord can most certainly work with your subconscious by lighting up answers in other verses of the Bible. I find He also provides answers and understanding by arranging events in things such as: you turning on the radio at a certain time to a certain sermon or song; you meeting or talking to a certain person at a particular time; you seeing something on the Internet or in your email that pops out of the blue; you finding something on an Internet search; you hearing a certain sermon in church at a certain time... He can teach you even through seemingly unrelated activities as well as I have found, actually,

quite often. He can even tell you answers directly if you have the ears to hear His voice! And yes the Lord can reveal understanding that resolves that open loop in your subconscious.

- Your subconscious mind can store a lot of questions, concepts of wonder or even goals that need to be resolved or figured out. I believe the subconscious mind has an extremely large capacity so don't be shy about using it! Maybe think about your subconscious mind as unlimited "cloud storage" space (an Internet reference).
- Your subconscious mind can also help you have Bible questions resolved automatically for you.
- How do you use the subconscious mind specifically?

We'll see our [Bible Reading System](#) course for details but in essence:

- Actively imprint verses that light up to you or questions into your subconscious by purposely doing so with the intention of doing so.
  - The act of writing out your questions, or even underlining, underlining every word sometimes even, circling every word sometimes even or simply circling a verse... has been able to imprint that person to my subconscious.
  - But if you really want to help that process you can write out your questions with your hand on a piece of paper or even write out the verse by hand that is in question on a piece of paper for the sake of imprinting into your subconscious.
  - I find a highlighter pen to be too vague for the purposes of subconscious imprinting. The highlighter markers may be better suited for organizing verses such as: commands of the New Testament get yellow highlighter, verses on salvation get a green highlighter.
- Again we are not trying to logically figure out a verse! Nor are we trying to figure out a verse in our flesh! That's how new "denominations" and "religions" are made - and how they go astray! This is why I feel that the "read a verse or a few and try to figure it out" method without knowing the comprehensive

whole of the Bible can get people off track, misinterpreting the verses, and then building upon that misinterpretation into a potential train wreck disaster. As you can see this has happened often overtime. You don't want to be that person. So know the Word and do the commands of Jesus.

- Don't strain. Just notate and keep reading. And in faith and trust your "subconscious" can actually work with the Lord in finding answer to your questions, opening up your understanding, connecting various concepts "connecting the dots" across the entire Bible (because the Bible interconnects all throughout, even and especially Old Testament to New Testament.)
3. When you start this 3 or 5 times in one year Bible Reading Plan You could be SHOCKED how far your insides have shifted from the Lord! It's become almost scary thing to me to not be on one of these volume Bible reading plans to me because the positive benefits are so huge on this volume bible reading plan. So consequently, not being on the plan makes me feel like I'm wasting life while drifting away from God...
  4. If you haven't done so please consider obtaining our Complete [Bible Reading System](#) because the course will explain in detail strategies for maximum learning, retention with great efficiency. There is a light version that is free to access too.
  5. Expect to spend about 45 minutes on average although that average time will vary from person to person for the New Testament 12 Times a Year Plan. Some days will take you 5 minutes – the big books will take you longer so pace the big books throughout the day and save those for the weekend.

One hour of fellowship a day has been considered standard for walking right with the Lord and repelling temptation to sin according to some. That said you should be in fellowship with the Lord all the time, always abiding in Him. Maturity in Christ needs to be brought to that point. If you don't understand how to do this you'll learn from getting to know the Word but it would be a good Idea to ask Jesus directly how to give you understanding on how to abide in Him continually and how to make sure that He is indeed your Lord.

Also the more of the Commands of the New Testament you understand, the more you can do and put into practice as your new habits, your new beliefs about how things should go. You'll start repenting of, uninstalling sin beliefs that have kept you in bondage to sin habits as you install into yourself the commands of Jesus.

Reading the Living Word is fellowshiping with the Lord. Of course praying and communicating with the Lord is also.

Consider filling up the rest of the hour praying, praising, worshiping, listening to the Lord and asking Him questions in addition to reflecting on the passages you marked up (see below). If that sounds strange to you now don't worry, you'll understand how things work more and more in heaven and on earth as you get to know the Bible more.

6. Pray and ask God to increase your understanding and knowledge of His Word and ask how know and understand Him better personally. Remember the bottom line benefit we want from doing all of this reading is to know God better, know His Will and do His Will! And since Jesus says: "And this is the way to have eternal life -- to know you, the only true God, and Jesus Christ, the one you sent to earth." John 17:3 NLT we're on the right track by getting to know the Word.

## **Know God the Father and Jesus Christ the Son:**

You'll discover from personal experience on this volume Bible Reading Plan that you will actually get to know God better and know about Him more: His Essence, His Person, His Presence, know what He likes and dislikes, know what He wants, know what makes Him happy and feel loved. You will also get to know His direct commands, instructions and rules – essential for success in this short life and the much longer life to come.

Why do all of this again? Your eternity depends on it. Not only do you need to enter heaven you need to enter well! And I don't see how anyone could enter well, especially these days, without KNOWING the Bible extremely well. Plus you're not going to be able to bear fruit unless you understand the Word!

### **[Matthew 13:22-24 \(KJV\)](#)**

<sup>22</sup> He also that received seed among the thorns is he that heareth the word; and the care of this world, and the deceitfulness of riches, choke the word, and he becometh unfruitful.

<sup>23</sup> But he that received seed into the good ground is he that **heareth the word, and understandeth it; which also beareth fruit, and bringeth forth**, some an hundredfold, some sixty, some thirty."

You can click on the link above to see the full scripture in context. The words that are in green highlight are what this Bible reading plan is all about.

That is a "secret success formula" that many miss. The secret to be coming the fruitful seed who produces some hundredfold, some sixty, some thirty is to hear the word and understand! Have you ever noticed that part of this parable before? It was hidden to me for a long time before these verses finally lit up to me and I understood.

And again, how do you understand the Word to a point where you actually bear fruit and a lot of fruit? By reading the Word, the Bible! Read in volume! I find that by reading in volume my mental chatter and distraction is less and I tend to be in better communion, communication, abiding, listening, and hearing the Lord on the soul and heart level. By reading in volume my understanding is more open. The Lord seems to reveal secrets about Himself in the Word WHILE reading the Word! It's really neat how this works out!

### **You'll start to realize that God says what He means and means what He says!**

The more I get to know the Word and understand the Word the more I realize that every verse, every command in the Bible is there for a reason. We should not stop until we understand, have peace with every verse.

You'll also start to realize how easy it is to get off track from the Lord, from what He says and wants (living in this world). On top of that you'll start to see in others where they are at with the Lord, especially preachers and authors – and this is very important because you'll be able to prevent getting off course from their off course preaching while being able to recognize what is good and inline with the Bible.

### **Jesus is the Way. Jesus is your Teacher! Not anyone else.**

You'll soon realize that reading the Bible three to five times a year, or the New Testament 12 times a year, that letting the Lord Himself teach you is what works best.

“8 But you, do not be called 'Rabbi'; for One is your Teacher, the Christ, and you are all brethren. 9 Do not call anyone on earth your father; for One is your Father, He who is in heaven. 10 And do not be called teachers; for One

is your Teacher, the Christ.” Matt 23:8-9 NKJV So go to your Teacher directly with your questions!

That’s the key! Through experience I learned this. I learned that we have actually do have One Teacher about things of the Lord (plus all things really) and that Teacher is Christ Jesus Himself, the Person, the Messiah, Christ Jesus who is also God the Son who is also the Word of God, the Bible. We can listen to others, pastors, preachers and other brothers and sisters and hear their expressions as ideas but ultimately all command and authority, all complete explanation of things comes from Jesus directly.

The Lord taught me a lesson about this, which wasn’t very pleasant at the time. Pastors and Bible preachers, Bible study leaders are simply brothers, sisters in Christ. They are human, fallible with the sin nature just as you and I. We are not to follow them for the bottom line, depend on them, putting them as Lord, your absolute ruler of life, in place of Jesus. We are to question everything they say testing against scripture (like the Bereans). That said it’s good to listen to others express themselves from Scriptures while listening to what they know, understand and have experienced. We can certainly grow, learn from those who have walked and are walking well with the Lord.

So in summary, we should only trust Christ, Personally, for giving us the knowledge and understanding of what the Bible actually says. This requires spending time in the Word, submitting to the Word, our Lord, hearing the voice of Christ from a most amazing experience of fellowshiping, abiding in Him DIRECTLY.

7. Don't panic. Don't try and "master" the Bible in one reading (that's a flesh effort based concept). This is the struggle for many. Have the courage, the trust to read THROUGH in your reading. Keep reading without stopping except to mark up anything in your Bible (yes you're "allowed" to write in your Bibles!) that stands out to you, troubles you, speaks to you or doesn't make sense to you. Your subconscious will take note and will begin the process of finding the answers for you in an automatic way... For more details on what versions to read and how to read the Bible exactly see our [Bible Reading System](#)
8. Keep moving do not stop! Again, if you have a passage that stands out to you in any shape or form, mark it in your Bible and move on!! You will learn the entire Bible much more quickly and comprehensively this way.

When you're done reading that book of the Bible for the day you can glance over the areas, the verses you marked up – briefly! Do not try to solve them

right there and then. Let your 'subconscious' go to work for you. I've found that the Lord actually knows what's on my mind and heart and often provides, shows me answers to passages or displays examples of passages that stood out, as if those passages were talking to me.

9. We humans tend to learn better through simple repetition. You'll be AMAZED on your second time through (through being the key word) how the Bible is starting to come together for you and how you understand an incredible amount more!

You'll even be able to tie passages together throughout the Bible, connect them in real time as you are looking to recall or as you are talking about the Bible. Many, many more passages will now make sense. Some Will find that they now can re-quote passages in paraphrase or even have them memorized (Especially if you're using the same version over and over) after having gone to through plan at least once, and more so as you do the plan even more.

(This volume style Bible reading plan will become a massive wakeup call on the heart, soul and mind level).

10. This plan is not as hard as you may think. It will take about a month until you get in the habit. Then after a month it's much easier. But you'll have to put extra effort into making sure you actually do the plan for the first month so keep this in mind ahead of time. You're basically training your self to have a new habit (and a very good habit!)
11. You do not need read from page one to the end! You may feel that it's psychologically daunting to do so. You can pick a particular book of the Bible to read daily at Inspiration! Let the Lord tell you what He wants you to read next. And don't worry you can keep track of all your reading with the check list charts below with the dates you read that book!

So whatever book of the Bible we are inspired to read, we read.

Inspiration defined for reading: Let's say a book of the Bible name pops into your head... or when you hear a Bible book name it weighs on your heart... or after you read one book you may start thinking about another book you are inspired to read next (i.e. You finished Daniel now you're wanting to read Revelation maybe – whatever the Lord gives you).

12. What Bible version do you use? Do not get caught up on any 'perfect version'. Just start reading and then read the different versions over time so you'll know what's right by the Spirit of the Lord, what's better. For example the King James version is good and many like it but if you're not grooving with the old English way of speaking then you may want to start with the New King James or the Complete Jewish Bible, then go back to the King

James after your overall understanding has increased. Or just start reading King James and after several times through you may get used to the wording and phrasing. But again, we don't want to gloss over verses because we don't understand the words used or how they are used – you can learn over time but treat each verse as critical.

Here are a bunch of versions on line: <http://www.biblestudytools.com/bible-versions/> Suggested starter Bibles: King James Version <http://www.biblestudytools.com/kjv/> - New King James <http://www.biblestudytools.com/nkj/> - (my favorite) Complete Jewish Bible <http://www.biblestudytools.com/cjb/>

Also [www.biblegateway.com](http://www.biblegateway.com) is another good reading site.

And [www.biblehub.com](http://www.biblehub.com) is another great Bible site with an easy access Interlinear Bible

13. So we keep our reading approach very simple. This is not the reading plan for verse-by-verse meditation (as apposed to read a verse or two and try to figure it out in one's flesh method). This is not an approach for interlinear studies, word studies, concordance studies (although those approaches can have their value).

This Bible reading plan is a different level, very powerful comprehension reading plan that will allow you to take in massive amounts of knowledge and understanding while starting to piece together the entire Bible from Old to New Testaments.

It is a very purifying plan. You'll see your insides, your heart, soul and mind start to shift over to God's side – and this will lead to less temptation for sin and more obedience to what God says to do.

But on the other hand if your comprehension of certain words is not crystal clear you should most definitely look those words up in 1. An English dictionary 2. The Greek or Hebrew at Biblehub.com Interlinear Bible with the Strong's numbers.

For example, if you don't know exact what "judging" or "to judge someone" means you better go look up what judging means in the English dictionary. If you get confused between the words: Belief vs. trust vs. faith vs. "to believe on" (as I once did) look them up in the dictionary! Really!!

It made a world of difference to simply look these words up in the dictionary! (Merriam-Webster.com is one source and Dictionary.com has a nice app that I recently started using as of this typing).

Many of us English speakers have gone astray because we don't even understand basic English words! Here is another example: the word "fornication". That has been and still is a mystery word for many – why? Not many have figured to look up the word in the dictionary! So masses of people think the Bible does not say anything about sex before marriage! They have bought into this sin so strongly that they even have a hard time believing the possibility that sex before marriage, outside of marriage is a sin! What a mess. And what a discovery about using the dictionary! It's powerful!

#### 14. The Mechanics of the Reading Plan – For Re-emphasis:

- We read through, as in throughhhhh.... Keep Moving! Really just get the [Bible Reading System](#) and you'll understand the plan much better. And don't stop. Do not stop except for subconscious imprinting purposes!
- But if any passage: A. stands out as special or extra important to you B. is something you don't totally understand completely, are not at peace with, then underline it or put an "open circle" next to that passage later.
- Also write your questions on the open spaces in your Bible. If you're reading electronically make a journal, a "Journal for subconscious imprinting".
- After you finish reading that particular book of the Bible, glance at the passages that you marked. If a passage is really pulling at you pray to the Lord to give you the answer.
- The "secret" for rapid learning is to go THROUGH. Your mind will stay open as you keep going through. Your subconscious will figure out the rest for you in conjunction with the Lord.
- Once you underline, put an 'open circle' next to, circle, circle each word... of a particular phrase, verse, group of words... Your subconscious will log the material and start looking for answers AUTOMATICALLY. You can briefly SCAN your marked up verses but that's it – do not try to figure the verses out. Just scan those parts you marked for the sake of an extra quick imprint on your mind – and leave them – that's it!
- Do not doubt that the Lord can hear your subconscious. He can provide answers directly or direct you to answers through different ways. Do not strain and try to force, demand, grab the answers 'now'. Let the answers come to you over time.
- You can get the big picture and start to understand how things work on earth and in heaven. You'll actually understand the meaning of life.
- You can start to understand how the Bible comes together and what God is saying and what He means. You'll see how all of the verses in

the Bible intertwine into a mind-blowing masterpiece.

- You will start to have your life questions answered.
- You will start to find the Will of God and the Will of God for you personally.
- Receive all the amazing blessings that come along with getting closer to the Lord. You will grow in your relationship with Him. You will grow closer to Him as you respond to His Word.
- The more you understand the Bible more fruit you can bear!
- You can get to know, on a KNOWING level, God your Maker and Savior more personally. This Bible reading plan will get you to know ABOUT Him more too.

16. There has to be an element of inspiration here in choosing what books to read when. That is why I left open the book choices. If too rigid we will tend to not want to stick to the program. You'll need some discipline obviously BUT you also need to make this enjoyable to your mind so you get the support of your subconscious otherwise your subconscious could turn you off to the program thinking that you are 'stressing' yourself.

So focus on the benefits, the blessings and being saved from all the potential disasters you would have encountered if you didn't know the Word. Focus on the reward the Lord gives you instantly for spending time with Him in His Word. Start the plan and you'll know what I'm talking about! (There is no high, higher than the Lord's direct presence filling you up in the Holy Spirit!!)

17. Other Tips:

- a. Think of reading the Bible three times in one year or 5 times, as a 'challenge' a personal challenge. You'll also discover one day that the volume Bible reading method becomes essential to do every day and that it's a scary thing not to be in the Word every day! (That's my personal experience nowadays!)
- b. Sometimes you'll simply have to force your eyes to keep moving forward. Remember, mark and move! Keep going. Come back to the verses after you read for that day for the sake of subconscious imprinting only, and be done. This Bible reading plan is more about getting the bigger picture, the structure, seeing how Old Testament ties to the New Testament. It's also learning ABOUT God and what

He says for your benefit.

You will now develop a strong sense of what's in the Bible and where particular verses are after this plan. Your comprehension of the Bible will skyrocket and you will be able to tie in statements, concepts, passages and meanings across the Bible once you Know the Word.

Also, you will less likely get fooled by bad preaching, misguided ideas, bad leadership or the 'chatting in your ear' by "dark forces" through getting to know the Word better and better. You will get to know the verses plus where they are in the Bible. And you will be able to recognize the voice of God more and more.

- c. Try to read the Bible mid day, or during the day when your attention span is high. Reading right when you wake up and before you go to sleep is good in that you are starting your day with the Word and are filling your mind with the Word before you go to sleep, but your comprehension and attentiveness may also be low at those times. Plus you'll likely read at a much better pace during the day. That's just a suggestion. But ultimately you'll find the best time for you where you can enjoy your time with the Lord in His Word the most.
  
- d. After this Three Times, Five Times or 12 Times New Testament in One Year Plan you may want to do a passage by passage plan, reviewing the verses you marked up in your Bible while you were on the Volume Bible Reading Plan. You may want to now read with a concordance, a Bible commentary or two, an Interlinear Bible, a Bible Lexicon in addition to preaching recordings on various books of the Bible. But... now you are armed with more knowledge, more understanding, and the knowing of the real Word of God. Plus the supplemental Bible study materials, commentaries, preaching will be kept in perspective for you and you won't be led astray by any strange ideas. Acts 17:11 "Now the Bereans were of more noble character than the Thessalonians, for they received the message with great eagerness and examined the Scriptures every day to see if what Paul said was true." Be like the Bereans!

# **Bible Reading Plan for Reading the New Testament 12 Times in a Year Check List**

A Book a Day...

Here is the spaced out version for note taking. The compact version is below. Mark when each completed with date. Print pages 15 to 38 to print this table. Print pages 39-44 for the more compact version (although you may want to double check to your print preview settings).

	1ST + Date Completed	2ND + Date Completed	3RD + Date Completed	Notes / Comments / Observations
<b>Matthew</b>				
<b>Mark</b>				

<b>Luke</b>				
<b>John</b>				
<b>Acts</b>				

<b>Romans</b>				
<b>1 Corinthians</b>				
<b>2 Corinthians</b>				

<b>Galatians</b>				
<b>Ephesians</b>				
<b>Philippians</b>				

**Colossians**

**1 Thessalonians**

**2 Thessalonians**

<b>1 Timothy</b>				
<b>2 Timothy</b>				
<b>Titus</b>				

<b>Philemon</b>				
<b>Hebrews</b>				
<b>James</b>				

<b>1 Peter</b>				
<b>2 Peter</b>				
<b>1 John</b>				

<b>2 John</b>				
<b>3 John</b>				
<b>Jude</b>				

<b>Revelation</b>

<b>Revelation</b>				

Links to book in the Bible online for convenience. I'm linking to the Complete Jewish Bible since I felt this version helped my understanding of many passages due to the understanding of the Hebraic roots of the Bible. It's better to stay in one printed Bible each time so you can see your notes and underline verses for a. further subconscious imprinting or b. to see how that verse was answered to you.
